About Massage Therapy

Massage therapists treat clients by using touch to manipulate the muscles and other soft tissues of the body. With their touch, therapists relieve pain, help heal injuries, improve circulation, relieve stress, increase relaxation, and aid in the general wellness of clients.

Massage therapists typically do the following:

- Talk with clients about their symptoms, medical history, and desired results
- Evaluate clients to locate painful or tense areas of the body
- Manipulate muscles and other soft tissues of the body
- Provide clients with guidance on stretching, strengthening, overall relaxation, and how to improve their posture
- Document clients' conditions and progress

Massage therapists use touch to treat clients' injuries and to promote the clients' general wellness. They use their hands, fingers, forearms, elbows, and sometimes feet to knead muscles and soft tissues of the body.

Massage therapists may use lotions and oils, and massage tables or chairs, when treating a client. A massage can be as short as 5–10 minutes or could last more than an hour.

Massage therapists talk with clients about what they hope to achieve through massage. They may suggest personalized treatment plans for their clients, including information about additional relaxation techniques to practice between sessions.

Massage therapists can specialize in many different types of massage or modalities. Swedish massage, deep-tissue massage, and sports massage are just a few of the many modalities of massage therapy. Most massage therapists specialize in several modalities, which require different techniques.

The type of massage given typically depends on the client's needs and physical condition. For example, massage therapists may use a special technique for elderly clients that they would not use for athletes. Some forms of massage are given solely to one type of client; for example, prenatal massage is given only to pregnant women.

Massage Therapy Diploma Program

The RVSM Massage Therapy program covers a wide range of topics. Coursework includes anatomy and physiology and study of the human body – location of organs, muscles, tissues, how the body's mechanics work. A massage therapist needs to know how the body is structured and how it works. Anatomy and physiology courses give the aspiring massage therapist an in-depth knowledge of the body that is needed to tailor therapy sessions according to each client's individual needs. Students also learn about the cause and treatment of disease and how disease affects the body, all having a direct impact on massage techniques.

Students will practice a range of techniques and protocols and practice in the student clinic, where they will work with the general public. And before you graduate, you'll build not only your experience but confidence by providing testing that simulates the MBLEx exam, which is required for Arkansas licensure. Coursework on the Arkansas rules and regulations on massage therapy provide a practical understanding of these rules. Additional subjects include ethical business practices and professional conduct.

Students learn from instructors who work in the profession and provide insights on current trends and products as you prepare to enter a field where the demand is growing right along with recognition of its physical and emotional benefits.

Program Overview

- Successfully complete 600 clock hours of massage training and techniques.
- This program is six (6) months of full-time study or nine (9) months of part time study.
- This program has both lecture and hands-on instruction.
- Graduates receive a Diploma from River Valley School of Massage.

Occupational Objective

Upon completion, the student is qualified to sit for the Massage and Bodywork Licensing Exam (MBLEx), which is required for Arkansas licensure as a massage therapist.

Admissions

Admissions Process

Prior to applying for admission, the prospective student must visit River Valley School of Massage and meet with the Director of Admissions prior to completing the admission paperwork. During this interview, the prospective student will take a tour of the campus and ask any questions they may have.

If the prospective student is ready to start the admissions process, he/she may complete an application. The prospective student will receive a copy of the School Catalog. The student is also encouraged to meet with the Campus Director at this time and to receive any information about Financial Aid available.

Requirements for Admissions

- 18 years of age or older.
- High School diploma, GED, or college transcript
- Current tuberculosis test signed by a medical doctor
- Physical from a medical doctor stating the student poses no health risk to give and receive massage
- Complete an admissions application and Enrollment Agreement.
- Personal interview with the Director of Admissions completed with application

RVSM will not consider applicants who have been convicted of a felony or misdemeanor. A criminal record will jeopardize an applicant's eligibility for state licensure which is required for massage therapy employment in Arkansas.

RVSM does not admit students to the Massage Therapy Program until the potential student can show that all admissions requirements have been met. The prospective student must meet with the Campus Director prior to enrollment to ensure that all financial requirements of the program can be met.

RVSM does not admit students under Ability to Benefit criteria.

Enrollment Process

Once admission is approved and the student is accepted, he/she may begin the 600-clock hour massage therapy program on any Monday, with some exclusions.

Part Time and Full Time Schedules

Incoming students must decide during the entrance interview or prior to enrollment if they are going to be part-time or full-time. The student will sign a statement to be kept in the student file.

High School Transcripts

Official secondary school transcripts must show the date of graduation and must be delivered directly to RVSM from the secondary school. Transcripts marked as issued to student are not considered "official." The Director of Admission can assist applicants with the request form for secondary school transcripts. Certificates of attendance, copies of diplomas, special high school diplomas or modified high school diplomas are not acceptable to establish proof of high school graduation. Students are responsible for the fees related to securing high school transcripts.

Students who have attended a postsecondary education institution that is accredited by an agency recognized by the U.S. Department of Education and who have completed an associate degree or higher may use their official postsecondary school transcript to establish proof of high school graduation/GED.

In cases where documentation of an applicant's completion of a secondary school education is unavailable, e.g., the secondary school is closed and information is not available from another source such as the local school district or a State Department of Education, or in the case of homeschooling, the parent(s)/guardian(s) who provided the homeschooling is deceased, an institution may accept alternative documentation to verify the applicant's high school completion status.

All applicants who have attended secondary school outside of the United States must provide a credential evaluation for all secondary (and if applicable, post-secondary) transcripts submitted to RVSM as part of the application process. RVSM will only accept credential evaluations completed by a credential evaluation organization which is a member of the National Association of Credential Evaluation Services (NACES). For more information concerning NACES member organizations, refer to their website at www.naces.org.

If any applicable official academic records have not been prepared in English, a complete and official translation of the transcript is also required. Students who have obtained their secondary school (or postsecondary) education in any language other than English must provide evidence of English proficiency (refer to the English Language Proficiency Policy in this Catalog).

Home-schooled Students

RVSM welcomes students from all types of educational backgrounds and encourages homeschooled students to apply.

Due to the diverse nature of home school requirements from state to state; RVSM requires the following materials in order to evaluate a student's academic history for acceptance:

- Transcripts from a nationally recognized and accredited home school program; OR
- Detailed home-school transcripts (course titles, brief description of each course content, a grade or performance assessment for each course, details on duration of study, and expected graduation date) and a second academic indicator such as the SAT, ACT, GED, or college GPA (where 12 or more credits were completed at a single institution).

In order to attend RVSM, each applicant must demonstrate completion of high school or the equivalent of high school.

Homeschooled students need to submit documents indicating that they have followed the regulations determined by their state. Other forms of proof of high-school equivalency will be considered on a case-by-case basis and must be approved in advance by contacting the RVSM School Director.

If proof of high school completion cannot be verified the prospective student will not be enrolled. There is no appeal process.

Readmission

When a student withdraws prior to graduation, the student may re-enter RVSM within

two years and retain full academic credit provided the courses are still applicable to the program. While the returning student does not need to reapply for admission, he/she will be required to meet with the Director of Admissions to discuss re-entry. Tuition and fees at the time of reentry will apply.

RVSM welcomes students who have started their postsecondary academic programs at other schools and who have satisfactorily completed coursework that is applicable to the Massage Therapy program offered by RVSM.

RVSM has established the following policy and procedures to ensure that appropriate academic experience is considered for applicable transfer credit. Official transcripts must be received directly from the former institution prior to beginning coursework at RVSM and must be approved by the School Director and Director of Education.

Transfer of Credit Policy

College and Massage Therapy Coursework: RVSM may accept anatomy, physiology, kinesiology, medical terminology, and some business classes as transfer of credit. Requirements for all transfer of credit coursework:

- No more than 40 clock hours will be given per three (3) semester credit hour
- Student passed with a minimum 75%.

Cosmetology and Aesthetician Coursework: Arkansas Department of Health has given permission for massage therapy schools to give clock hours for cosmetology and aesthetician hours for massage therapy hours. Up to 200 clock hours may be transferred, if the coursework is applicable to the Massage Therapy curriculum.

Transfer credit requests must be accompanied by the following documentation:

- official transcripts
- a copy of the diploma, and
- a school catalog or statement providing the course descriptions of each class completed.

If transfer credit is awarded, training time may be shortened, and tuition may be reduced proportionately.

Transfer credit is counted as both hours attempted and hours completed within the Satisfactory Academic Progress Policy. Transfer credit does not hold any qualitative points. Therefore, transfer credit is not included in the calculation of the grade point average for the purpose of determining a student CGPA or the CGPA requirement of the satisfactory academic progress.

RVSM does not accept experiential learning or credit through examination as advance standing or transfer credit in its program.

Academic Policies

Attendance

The Massage Therapy Program course syllabus is designed to be completed within six (6) months. This time is more than sufficient for achieving the required knowledge, skills, and competencies to complete the course and be qualified to take the test that is recognized by the Arkansas Department of Health Massage Therapy Section.

Students must finish within the maximum time frame according to the student's enrollment status unless a leave of absence is granted by the school. Students may make up work if their leave of absence is approved.

It is recognized that reasons beyond the student's control may make it impossible for a student to attend class every day. When absences occur, the student should notify the school by phone as soon as possible on the day of the absence. Should a student miss class and not call in, he/she may be contacted by the school to identify any assistance the school may provide in order for the student to return to class.

Students will tell the Director of Education of any work schedule that may not allow the student to attend class.

Any student that stops attending the program, after 5 days of non-attendance, will undergo a status determination. Administration will contact the student to determine the student's reason for non-attendance. Administrative withdrawal will occur after administration has exhausted all resources for contacting the student and not more than 10 days of non-attendance.

Full-Time Students: All enrolled students attending a minimum of 24 hours a week are considered full-time students.

Part-Time Students: All enrolled students attending a minimum of 17 hours a week but not more than 24 hours a week are considered part-time students. A student must be able to maintain a minimum of 17 hours per week to maintain Financial Aid eligibility.

Tardiness Policy: A student's punctuality in class and their willingness to participate in class until the class is dismissed reflects a dedicated attitude. This attitude establishes a record of attendance and performance that the student can present along with his/her academic qualifications to future employers.

Tardiness and leaving early also presents a disruption to the entire class. Students who exhibit problems with tardiness may be advised by the Director of Education and may be placed on attendance probation.

Make-up work Policy: Students will be allowed to make-up missed work if he/she has an approved absence. This will be done on his/her own time. If a student misses the class the day of a test, the student will take the test on the next day of attendance.

Grading Policy

Grades will be available weekly. All assignments are to be completed in a timely manner as determined by the instructor.

Passing grades for the Massage Therapy Program are determined by the individual assessments and are based on the curriculum laid out in the syllabus given to each

student at the beginning of the course.

The student's final grade will be based on an average of all exam scores (including the final exam), participation grade for afternoon practical hours, clinicals, and final massage, review guide, and homework. The student must have at least a 75% overall grade, and a 75% on the final exam, to pass the course.

Grading Scale

A = 90-100% B = 80-89% C = 70-79% D = 60-69% F = 50-59%

Test Retakes

If a student receives below a 75% on a test, that student has the option to retake the test. Each student has the option to retake three (3) tests in each book if it is below 75%. The retake test score will be the one that is recorded on the student's progress report. Tests cannot be retaken on the same day.

Final Test

Students will be given a multiple-choice final exam that is set up like the MBLEx. It is worth 100 points. If a student does not pass the final exam with a 75% or better, he/she will be required to retake it. If a student does not pass the retake, they will be held until they are able to pass a retake with a 75%.

Once a student reaches 600 clock hours, every hour a student goes over to complete course work or pass the final test will cost the student \$20/per hour per our 600-hour completion with unfinished course work policy.

Student diplomas will be held until all monies are paid.

Leave of Absence

A leave of absence will be granted to students in good standing. (A student with a grade less than passing, with poor attendance, or unpaid tuition is not considered in good standing.)

Requests for leave of absence will be considered individually by the School Director or Director of Education.

A leave of absence extending for more than 10 days must be requested and approved by the School Director or Director of Education.

The student must submit in writing, a leave of absence request form to include the reason for the request, and be signed by the student, dated, and be approved and signed by the School Director or Director of Education, before the Leave of Absence can begin.

When a student has been granted a leave of absence, they are required to make up the course work they missed.

A leave of absence should not exceed 60 consecutive school days or 180 accumulative days within 12 months.

If the student does not resume attendance at the school on or before the end of a leave of absence, the school treats the student as a withdrawal. The student understands that his/her withdrawal from the Massage Therapy program is effective the date the student failed to return to class and his/her partial refund to Title 4, if any, will be calculated based on the effective date and in accordance with the published refund schedule. The student may also be responsible for paying back any scholarship or paying any tuition that is owed.

Withdrawal

Students withdrawing from the program are asked to have an interview with a school administrator and sign a statement documenting the date of the withdrawal for their academic records. A student is considered withdrawn if he/she has had said interview, signed a withdrawal form, and has paid any outstanding debts to River Valley School of Massage.

River Valley School of Massage does not assume responsibility for lost or reduced refunds, loss of financial aid or other entitlements.

The student understands that his/her withdrawal from the Massage Therapy program is effective the date the withdrawal form is processed and his/her partial refund to Title 4, if any, will be calculated based on the effective date and in accordance with the published refund schedule.

Attendance: After a student has missed five (5) days of instruction, RVSM will conduct a status determination by contacting the student to see the reason for non-attendance and whether the student plans to return. After RVSM has exhausted all resources to contact the student or the student has missed an administrative withdrawal will occur after RVSM the student and the student has missed no more than 10 days.

Re-entry

Students who have withdrawn from the Massage Therapy program and wish to return will be required to pay a \$500 Administrative Restart Fee.

Restarting students will only be admitted to the next preferred class if there is space available and at the discretion of the administration.

Students who have withdrawn from the program may re-apply for admission by doing the following:

- Wait thirty days from the last date of attendance.
- Request for re-admission in writing to the director.
- Interview with the director.
- Pay the \$500 restart fee.
- Upon approval, the student will be advised at what point of the program he/she may re-enter.

Plagiarism

Plagiarism is the uncredited use (both intentional and unintentional) of somebody else's words or ideas. All of the following are considered plagiarism:

- Turning in someone else's work as your own
- Quoting someone and leaving out the quotation marks
- Copying someone else's ideas and using them as your own.
- Failing to give credit for the use of someone's work

Academic honesty is very important to River Valley School of Massage, therefore anyone suspected of plagiarizing in any form, may be subject to dismissal.

Satisfactory Progress Policy (SAP)

The Satisfactory Academic Progress Policy measures whether students are progressing at a responsible rate towards the completion of their educational objectives. Students must be in compliance with this policy in order to maintain their federal financial aid program eligibility. However, this policy applies to all students, regardless of participation in federal financial aid programs.

The student has 2 payment periods throughout the Massage Therapy Program. Should the student not meet SAP in the said time frame, the student will be ineligible for the second disbursement of financial aid. To make sure the student is eligible for the 2nd payment period, they must meet SAP requirements.

The evaluation point at the mid-point of the program is designed to help identify students who would benefit from an early intervention and/or remediation. Most critical is a student's ability complete coursework successfully and consistently. Failure to complete courses successfully for any reason may negatively affect satisfactory academic progress. Failing courses or withdrawing from courses could also result in the loss of financial aid and academic dismissal. It is very important that students attend and complete all courses successfully.

Students will be formally evaluated for SAP at completion of 300 clock hours.

QUALITATIVE: Students must maintain a cumulative grade point average of 75% or better. To be making satisfactory academic progress, students must have a grade of 75% at the end of the evaluation period.

QUANTITATIVE: Students must have completed 300 clock hours and must have successfully completed 67% of the clock hours attempted.

A student must meet these standards to be considered as meeting Satisfactory Academic Progress and in 'Good Standing.' Course work repeated may adversely affect a student's academic progress in terms of the maximum time frame.

Students who withdraw from the program will receive a grade of 'W' (Withdrawal) by the withdrawal. All interrupted coursework must be repeated upon readmission to RVSM.

Evaluation Periods: All students will be informally evaluated after each month, with a formal SAP evaluation occurring at the program midpoint.

During the informal evaluation period, students will be advised on their progress towards achieving SAP. RVSM believes that early intervention in regard to academic performance is an essential service to students to ensure their success.

Probation Period: If a student fails to meet the Satisfactory Academic Progress standards at the 300 clock hour evaluation point, he or she will be placed on Probation status. Probation notifications will be sent to students via mail or email.

As part of the Probation status, students will be required to meet with the Director of Academics. During the meeting, the student and Director of Academics will create a plan for the student to achieve 'Good Standing'.

Students who are receiving Federal Student Aid will not be eligible to receive disbursements of aid while on probation. In such cases, the student's aid will be placed on hold until the student attains a satisfactory academic standing. While on probation, the student may be required to make other payment arrangements until their financial aid hold is released.

SAP Appeals and Probation

Students not meeting the Satisfactory Academic Progress standards are notified by means of a Probation letter and email from the administrative office. Students wishing to appeal the unsatisfactory academic progress determination must do so in writing, within ten (10) calendar days of receipt of the letter.

Appeals should be directed to the School Director. If the student is appealing the unsatisfactory progress determination on the basis of mitigating circumstances, appropriate documentation should be included with the written appeal. Such documentation might include a physician's statement, accident report, or other statements. The Campus Director will notify the student of their decision and the impacts that the decision has on the student's eligibility for Title IV, HEA within 10 days of receiving the student's appeal. The Campus Director's decision is final.

Return to Good Standing: If a student achieves Satisfactory Academic Progress within the probationary period, he or she will return to 'Good Standing.' Students will be eligible to receive Federal Student Aid once SAP has been achieved.

Maximum Time Frame (MTF)

Maximum Time Frame (MTF) is the maximum amount of time in which a student can successfully complete any of the programs offered at the school. The maximum time frame may not exceed 150% of the clock hours attempted, or 150% of the published length of the program as measured in in calendar time.

Massage Therapy Program (full time schedule) is 25 weeks in length, therefore the maximum time frame for completion is 37.5 weeks (25 weeks x 150%).

Massage Therapy Program (part time schedule) is 35 weeks in length, therefore the maximum time frame for completion is 52.5 weeks (35 weeks x 150%)

Students exceeding maximum time frame will be terminated from the program. Time spent on an approved Leave of Absence (LOA) **does count against** MTF.

If a student fails to meet Satisfactory Academic Progress at the end point of the enrollment term, the student will be granted an additional evaluation period to serve as the Probation period. The additional evaluation period will be equal in length to the most recent evaluation period, but not exceeding 50% of the overall program, keeping within Maximum Time Frame (MTF) requirements.

Academic Termination: If a student fails to return to 'Good Standing' at the end of a Probation period and does not successfully appeal that determination, he or she will face Academic Termination. In the case of Academic Termination, the last day of attendance (LDA) will be used to calculate the student's refund and/or balance due.

Transfer Students and SAP: Students transferring clock hour credit into RVSM will be evaluated qualitatively only on the work completed while at RVSM.

The maximum time frame is reduced for transfer students, based upon the remaining length of the program in which they enroll. If the student transfers in 20 hours, and therefore must complete 580 hours at RVSM (580/24 hours per week = 24 weeks), the maximum time frame is 24 weeks x 150% or 36 weeks.

Appeal Policy: Students may appeal a determination of probation or termination due to unsatisfactory progress or any other academic policy mentioned herein within 14 days from the date of determination. All appeals shall be submitted in writing and outline the grounds for appeal to the Director of Education of River Valley School of

Message. All appeals will receive a written response that shall remain final.

The school will send a letter as notification to students of the results of an evaluation that impacts the student's eligibility for Title IV, HEA program funds.

Students with Disabilities

River Valley School of Massage does not discriminate on the basis of disability in the admission or access to, or operations of, its programs or activities.

This notice is provided as required by Title II of the Americans with Disabilities Act of 1990. Accommodations are granted on a case-by-case basis for those students who are eligible by showing sufficient documentation of disability in compliance with all Federal and State Laws. The school administrators will handle provisions of accommodations for students with disabilities in compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990.

Reasonable and specific accommodations are developed with each student based on current documentation from an appropriate licensed professional. All accommodations are individualized, flexible, and confidential based on the nature of

the disability and the academic environment.

The school currently provides handicap access in its classrooms and facilities. Requests for other accommodations must be made to the Director of Education. On occasion, the Director of Education may work together with the Campus Director to resolve requests concerning academic adjustments.

With the goal of promoting integration and equality among the student population, the School provides individual assistance to students with documented disabilities. Disclosure of disability is voluntary. Students with disabilities must request adjustments or other accommodations prior to the admissions/enrollment time frame of each semester and provide appropriate documentation to the Director of Education. Documentation received may be questioned if proper credentials are not provided, or if the diagnosis is without supporting data. The School maintains all records as confidential.

Upon review of the documentation, the Director of Education will develop a letter of acknowledgement of the disability and the appropriate accommodations that will be provided to the student. The Director of Education will contact the student's instructors to notify them of the authorized adjustments. In case the adjustments do not work, the student must notify Director of Education in order to ensure timely arrangements.

Students that require extra time for testing may take examinations under the supervision of the Director of Education, in agreement with the course instructor. Students should allow two to three weeks for processing of additional aids or educational materials. The School provides these auxiliary aids and services on an individual basis. These aids and services may include, but are not limited to: registration assistance, approval of reduced course load, letters to instructors outlining accommodation needs, note takers, testing accommodations, classroom and other facility accommodations, and assistance with accessibility issues.

River Valley School of Massage will take into account the dates of requests for adjustments in the evaluation of grade appeals. Students should keep in mind that arrangements are provided to aid in the completion of course requirements, not to provide excuses for missing assignments or other coursework. All students may appeal grades. For this process, please refer to Procedure for Grade Appeals.

Appeal Disability Documentation Decision

The student may appeal any decision related to a requested accommodation or auxiliary aid to the Director of Education who will respond to the students appeal not later than ten (10) days upon submission of a students appeal. Such an appeal must be made in writing to the Director of Education not later than ten (10) days following the decision as to a requested accommodation or aid. Any position paper, brief, medical documentation or other written material, which the student desires to be reviewed by the Director of Education, shall be submitted together with the notice of appeal. The Director of Education shall investigate and respond to the notice of appeal in writing, stating the decision, together with the reasons for either affirming or reversing the previous decision as to an accommodation or auxiliary aid.

Veterans Standards of Progress

Students falling below a “C” average on class work will be put on academic probation for one month. At the end of the month, the VA will be notified to terminate benefits if the student has not attained a “C” average.

Veterans Attendance Policy

Excused absences will be granted for extenuating circumstances only. Excused absences will be substantiated by entries in a student’s file.

No notice is required if precluded by military necessity, such as service in operations that are classified or would be compromised by such notice.

A student who is hospitalized or convalescing due to an illness or injury incurred or aggravated during the performance of service must notify the school within two years after the end of the period needed for recovery from the illness or injury. The resulting Institutional Student Information Report with an official EFC must be received by RVSM while the student is enrolled and eligible, but not later than applicable deadlines established and published by the Department of Education.

Federal Direct Subsidized Loan

The Federal Direct Subsidized Loan is a financial need-based, low-interest, fixed rate loan available to undergraduate students directly from the Department of Education.

To apply for Federal Direct Loans, you must first complete the FAFSA application, be enrolled at least half time, and your school determines the actual loan amount you may be eligible to receive each academic year. The maximum that can be borrowed in the first year is \$3,500. Annual loan limits depend on what year the student is in school and whether you are a dependent or independent student. There are also limits to the total amounts that you may borrow for undergraduate studies and the program length.

The U.S Department of Education pays the interest while you're in school at least half-time, for the first six months after you leave school (grace period), and during a period deferment. Loan repayment begins six months after graduation, withdrawal, or dropping below half-time enrollment status.

There is a processing fee charged by the Department of Education. The fee is deducted proportionately from each loan disbursement. A student may receive both a Subsidized and Unsubsidized Loan for the same enrollment period as long as they don't exceed the annual loan limits.

Federal Direct Unsubsidized Loan

Federal Direct Unsubsidized Loans are available to undergraduate and graduate students. The annual loan limit is \$2,000 for dependent undergrad students and \$6,000 for independent undergrad students. If you are a dependent student whose parents are ineligible for a Direct PLUS Loan, you may be able to receive additional Direct Unsubsidized Loan funds. Other limits also apply to the annual and total amounts you may receive. Your school determines the actual loan amount you may be eligible to receive each academic year.

You are responsible for paying the interest on a Direct Unsubsidized Loan during all periods. If you choose not to pay interest while you are in school and during grace, deferment, or forbearance periods, interest accrues and is capitalized (added to the principal amount of your loan). Loan repayment begins six months after graduation, withdrawal, or dropping below half-time enrollment status.

Repayment begins once your loan is fully disbursed, however these loans are placed into deferment while you are enrolled at least half-time and for an additional six months after you cease to be enrolled at least half-time. During deferment periods interest will accrue. You may opt to pay the interest when the deferment period ends.

There is a processing fee charged by the Department of Education. The fee is deducted proportionately from each loan disbursement. A student may receive both a Subsidized and Unsubsidized Loan for the same enrollment period as long as they don't exceed the annual loan limits.

Institutional Refund Policy

Non-Title IV students: Students who officially withdraw or are terminated may be eligible for a refund calculated as a percentage of tuition. Such refunds are determined according to the schedules below. The registration fee and textbooks are not refundable.

Students who prepay the entire tuition: Students who cancel, or who are terminated after beginning instruction, but prior to 50% of course completion, shall receive a prorated refund based upon the number of clock hours completed to the number of total course clock hours and the amount of monies paid minus the registration fee.

The following refund policy will apply to student who prepays the entire tuition cost of the program:

- a. At completion of less than twenty-five percent (25%) of the program, the student will be refunded 70% of the tuition.
- b. At completion of 25% but less than 50% of the program, the student will be refunded 40% of the tuition.
- c. At completion of 50% or more of the program, no refund is due the student.

Students Utilizing the Payment Plan: At completion of the first week of the program, no tuition costs will be refunded.

Return to Title IV Policy

The Higher Education Amendments of 1998 changed the formula for calculating the amount of aid a student and the school can retain when a student withdraws from all classes. Students who officially withdraw or are unofficially withdrawn from all classes prior to completing more than 60% of a payment period will have their eligibility for aid recalculated based on the percent of the payment period completed.

Students are encouraged to review and have an understanding of this policy. All students who consider withdrawing should contact the Financial Aid Director to determine the effect that the withdrawal will have on their financial aid package.

This policy will apply to all students who withdraw, drop out, or are terminated from RVSM and have received Title IV funds.

“Title IV Funds” refers to the Federal Financial Aid Programs authorized by the Higher Education Act of 1965 (as amended) and includes the following programs:

- Federal Direct Unsubsidized Loan
- Federal Direct Subsidized Loan
- Federal Direct PLUS Loan (for parents)
- Pell Grant

A student’s withdrawal date is defined as:

- The date the student began the institution’s withdrawal process or officially notified the institution of the intent to withdraw; or
- The date the school determines to drop the student according to the policy under which the student is being dropped.

Title IV aid is earned in a prorated manner up to and including the 60% point of the payment period. Title IV aid is considered earned after a student has completed 60% or more of the payment period.

The percentage of Title IV aid earned shall be calculated as follows:

$$\frac{\text{Hours scheduled to complete}}{\text{Total hours in the payment period}}$$

The percent of the hours completed shall be the percentage of the Title IV aid earned by the student.

- The percentage of Title IV aid that is unearned will be returned to the appropriate program.
- Unearned aid shall be returned by RVSM from the student's account to the following program(s) as follows:
 - Federal Direct Unsubsidized Loan
 - Federal Direct Subsidized Loan
 - Federal Direct PLUS Loan (for parents)
 - Pell Grant
- When the total amount of unearned aid is greater than the amount returned by RVSM from the student's account the student is responsible for returning unearned aid to the appropriate programs(s) as follows:
 - Federal Direct Unsubsidized Loan
 - Federal Direct Subsidized Loan
 - Federal Direct PLUS Loan (for parents)
 - Pell Grant

Loan amounts are returned with the terms of the promissory note.

Amounts to be returned by the student to federal grant programs will receive a 50% discount.

Payment of Refunds

RVSM will pay refunds due under the Refund Policy within 60 days of the last date of attendance or, if applicable, within 60 days of the date the student failed to return from an approved leave of absence.

Institutional and Student Responsibilities in Regard to the Return of Title IV Funds.

RVSM's responsibilities related to the return of Title IV funds include:

- Providing each student with the information given in this policy;
- Identifying students who are affected by this policy and completing the Return of Title IV funds calculation for those students; and
- Returning any Title IV funds that are due to Title IV programs.

The student's responsibilities related to the return of Title IV funds include:

- Becoming familiar with the Return of Title IV policy and how complete withdrawal affects eligibility for Title IV aid; and
- Returning to the Title IV programs any funds that were disbursed directly to the student and which the student was determined to be ineligible for via the Return of Title IV funds calculation.

The fees, procedures, and policies listed above supersede those published previously and are subject to change at any time.

Loan Default Prevention

Students are responsible to repay, in full, all loans used to pay for their education. Repayment of student loans helps ensure the availability of loan funds for the future. Borrowers are encouraged to take the responsibility of loan repayment seriously.

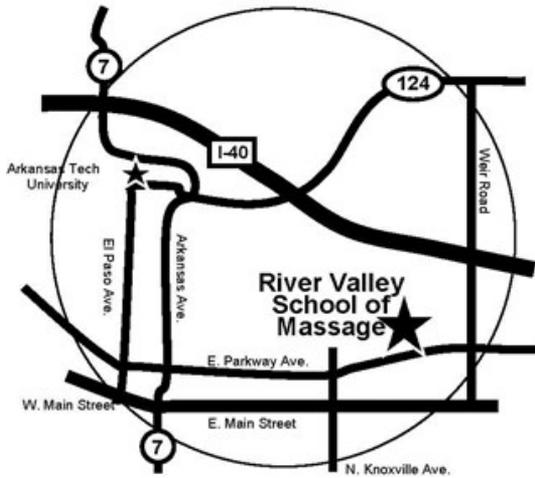

Some helpful hints on avoiding delinquency are as follows:

- Send in the required payment each month even if a bill was not received.
- Send in larger or additional payments to reduce the amount of interest paid on the loan. Be sure to indicate that the extra amount should be applied to the principal or used as a future payment.
- Remember that overpaying one month does not mean that the next month's payment can be skipped or that it will be reduced.
- Call your lender/servicer immediately if the payment will not be made on time or in cases of financial hardship. The lender/servicer may be able to work out an alternative plan.
- Know the deferment rights. After sending in the necessary forms, follow up with the lender/servicer to confirm that the appropriate loan(s) has been deferred.
- Understand the borrower's rights and responsibilities under each loan program. Keep all paperwork such as promissory notes, lender correspondence, cancelled checks, etc.
- Always call to resolve a discrepancy.
- Never ignore correspondence or requests for payment from the lender/servicer.

If a default does occur on the loan(s), in spite of all the arrangements available to prevent this from happening, one or more of the following repercussions may occur:

- The default status may be reported to a national credit bureau and have a negative effect on credit ratings for seven years.
- Deferment possibilities may be lost.
- Wages may be garnished.
- Federal and state income tax refunds may be withheld.
- Ineligibility status for any further federal or state financial aid funds.
- The entire unpaid amount of the loan, including interest and cost of collection, may become due and payable immediately.
- Students may obtain additional information about loan repayment and default prevention guidance from the Financial Aid Office.
